

## **Honor Code for 15-112, Fall 2017**

This honor code does not exist to punish students, or replace other anti-cheating measures with trust alone. It is a reminder of the commitment you are making by taking 15-112. If you are willing to give what this honor code asks of you, you will receive the valuable skills, knowledge, and opportunity that this class provides.

By signing this document, I agree to adhere to the academic integrity guidelines outlined on the 15-112 syllabus. This includes solo homework assignments, collaborative homework assignments, and all other assignments. I do this because:

- Cheating is immoral
- I am part of the 112 community and want the class to maintain its integrity
- Cheating is an ineffective way to succeed in 15-112
- If I cheat, I will likely be caught, and punished severely in accordance with the 15-112 syllabus

For these reasons, I, \_\_\_\_\_, agree to abide by the 15-112 honor code.
